SPA STAY

1

COMPLETE SPA TREATMENT

ACCOMMODATION, FULL BOARD, SPA TREATMENT, SPA FEE

MAXIMUM CARE FOR YOUR HEALTH!

The programme includes full treatment. After the initial medical examination and evaluation of your health condition, the spa physician will draw up an individual treatment plan. The spa procedures are based on traditional balneological methods such as physical therapy and professional rehabilitation, and radon baths, the healing effect of which will relieve pain and enhance the quality of your life. Optimum healing effects are usually experienced after about three weeks.

Bookings are available for a minimum of 12 nights (min. 10 radon baths)

THE PROGRAMME INCLUDES:

- Accommodation with full board (buffet-style breakfast, lunch, and dinner – selection from 7 menus), special diets as prescribed by the physician are catered for
- Initial medical examination and basic laboratory tests (blood count, blood sugar, and/or uric acid, and/or ESR)
- Follow-up medical examination once a week
- 23 spa procedures per week. These are prescribed by the attending physician and are based on the medical condition of the client
- Final medical examination and discharge medical report (in English)

INTENSIVE THERAPEUTIC TREATMENT

We recommend the Programme of Intensive Therapeutic Treatment especially for the following patients:

- those that had within the last one to two years an acute traumatic incident or an operation of the locomotor organs including a total joint replacement or the operation on the spinal disks, or after a cerebral ictus – and that
 - As soon as possible after completion of hospitalization and after completing the rehabilitation on the bed (for cerebral ictus patients it should not be before six months has past).
 - The patient should be self-sufficient or with the personal assistance of a caregiver at least partially self-sufficient.
 - Any other secondary diagnoses of the patient's total medical state should be satisfactorily stabilized.

The Intensive Therapeutic Programme guarantees daily rehabilitation individual care, carried out on working days by a qualified physiotherapist. The schedule for the therapeutic plan is determined after a thorough examination of the patient by a professional physician – specialist for therapeutic rehabilitation, physiotherapy and balneotherapy. Follow-up control examinations are carried out once a week to determine the on-going results of the therapy.

Surcharge to the price of the COMPLETE SPA TREATMENT: EUR 20 /day

The additional programmes can be combined with stays longer than 14 days.

JÁCHYMOV ANTI-AGING PROGRAMME

A NEW APPROACH TO ENJOYING A HEALTHY OLD AGE!

Biological aging is, for the most part, determined genetically. However, it may be influenced by preventative life style, and by eliminating many harmful factors. People maintaining active life style are often able to remain fit to a mature age thus improving the quality of their lives.

The Anti-Aging Programme is designed to complement the Traditional Jáchymov Treatment or the Jáchymov Radon Treatment, i.e. programmes already containing procedures that have beneficial effects on slowing down aging. These procedures aim at reducing inflammation and therefore many ache and pains, and establishing a harmonic balance in the body as well as strengthening immunity and promoting regenerative processes.

PROGRAMME PHASES:

1. Cleaning phase and activation of the self-cleaning processes of the body
2. Complementation of nutrition bio elements and oxidation
3. Medical examination and laboratory tests to indicate health risks and suggest treatment.

THE PROGRAMME INCLUDES:

- 1x Medical examination
- 1x Laboratory test focusing on individual risk factors, ECG
- 1x Follow-up medical examination (every two weeks)
- 2 Packs of Nutra Bona Symba, 1 pack of Revitin or 6 Milgamma applications, 2 packs of Nutra Thin
- 10x Oxygen therapy session

Enjoy your old age and remain fit for a long time!

Surcharge to spa stay: **EUR 255,-**

OXYGEN THERAPY

Oxygen therapy is prescribed in for health disorders caused by insufficient oxygen supply to tissues and poor utilisation of oxygen in the tissues.

THE OBJECTIVE IS:

1. To reduce the negative effects of oxygen deficiency in the body
2. To prevent heart and blood vessels diseases
3. To reinforce the immune system
4. To alleviate the consequences of stress
5. To slow down the aging process
6. To enhance the regeneration of the body organs affected by chronic illness
7. To improve metabolism
8. To improve physical and mental performance as well as the overall health condition
9. To accelerate recovery or to prepare for surgery

Our method is highly effective, especially when combined with the radon baths. It attempts to enhance tissue regeneration while having a positive effect on the treatment of inflammation. Its long-term objective is to improve the quality of life. The programme assumes that you shall consult a physician in case you are suffering from acute health disorders or chronic illnesses. This programme is not available in cases of breathing difficulties, epilepsy or high blood pressure.

Price: **EUR 10 per session**

Price: **EUR 90 for 10 sessions**

MANAGE YOUR OWN HEALTH

Would you like to find out more about the state of your own health but do not have time to visit a physician? Here in Jáchymov you can combine your spa stay with basic medical examinations and laboratory tests that focus on identifying specific risk factors. The result will be a set of recommendations both for your diet and possible further treatment.

THE PROGRAMME INCLUDES:

- A medical examination focussing on risk factors and diet improvement (BMI, body weight classification according to the waist-hip method)
- Blood pressure checks, laboratory tests (HDL, triglycerides, blood sugar, uric acid), ECG
- A basic medical report giving results of the examinations and test, followed by a consultation suggesting improvements leading towards a healthy life style.

This programme can be booked for a minimum of 1 week only.

Surcharge to spa stay: **EUR 100,-**

OUT-PATIENT TREATMENT

The programme of the classical complete spa treatment, without accommodation and board.

Out-patient treatment - **the price per person per day is EUR 40,-**

SPECIAL OFFER – DISCOUNTS

6

DISCOUNTS FOR CHILDREN

Children up to the age of 2 - free of charge

Children up to the age of 12 - 30 % reduction of the hotel charge

EARLY BOOKING DISCOUNT

Would you like to save money? Then book your stay in advance...

7% reduction of the total price of your stay is available if you book your spa stay with us at least 6 months prior to arrival, and if you pay a 30% deposit of the total price of your stay within 6 weeks after the confirmation of your booking. Not only does early booking save you money but it also allows you greater choice of both the spa hotel and the dates of your stay.

SPECIAL DISCOUNTS FOR OUR LOYAL GUESTS:

This discount will benefit those of our loyal guests who actively promote our spa and its services. If they recommend us a new client, they will receive a discount of 5% of the price of the stay undertaken by the newly acquired guest.

CONDITIONS:

Booking has to be made in writing and has to include the name of the loyal guest. The newly acquired guest must fulfil two conditions: he/she must not have undergone any previous treatment in Jáchymov, and has to make a booking directly with us. The new guests who come to us under the above conditions shall be entitled to the discount upon settling the account for their stay. The discount applies to the basic price of the stay only and not to any additional programmes or services, and is deducted from the total cost of spa stay of the loyal guest who made the recommendation.

1. INDICATIONS AND CONTRAINDICATIONS

A) INDICATIONS:

In general, radon therapy is very delicate, does not burden organism in terms of thermal or in terms of circulatory or acid-base balance. Even seniors tolerate it very well.

It is applicable especially to therapy of the chronic diseases affecting movement by:

- a) inflammation - of joints, soft tissues and backbone (e.g. rheumatoid arthritis, psoriatic arthritis, systemic lupus, fibromyalgia, Bechterew's disease)
- b) pains and ankylosis caused by wear (e.g. arthritis of joints and backbone, discs prolapses, damage to ligaments, cords and menisci)
- c) metabolic derangement (osteoporosis, gout, porphyria)
- d) damage to peripheral nerve or spinal roots (e.g. neuritis, neuralgia, peripheral paralysis, root vertebral syndromes, polyneuropatia, carpal tunnel syndrome)

Furthermore, there are postoperative and traumatogenic cases requiring intensive healing and regeneration of damaged tissues. For example, total joint replacement, backbone operation or surface burn scares.

Radon therapy regenerates cases with general energetic disharmony:

- a) vegetative instability, neurocirculatory weakness (cold limbs, easy collapses, chilly states, functional organ dysfunctions, menopausal syndrome)
- b) in general, loss in strength in great age
- c) ergasthenia caused by labour intensive jobs
- d) regeneration for top sportspersons
- e) keeping functional reserves of organism in disseminated sclerosis or Parkinson's disease in an early stadium

It is well responded to by peripheral blood-vessels diseases, such as vasoneurosis, ischemia in atherosclerosis of limb arteries, cases after phlebitis or rheumatoid vaskulitis.

B) CONTRAINDICATIONS

- a) patients with any acute disease – infection, unstable arterial hypertension, cardiac or respiratory complaints, unstable diabetes, untreated thyroid hyper-function, etc.
- b) pregnant women
- c) children and teenagers under 18
- d) patients within one or two years after operation or another therapy of tumour disease if the oncologist does not permit radon therapy

In the event of a serious illness please check further suitability of spa therapy with your physician!

2. MEDICAL SERVICES

- 24 hours medical services
- First aid in case of injury or sudden sickness

CHARGEABLE MEDICAL SERVICES:

- Medical follow-up examinations upon client's request or a consultation by the hotel head physician
- Extra examination or treatment in case of injury or sickness unrelated to the spa treatment
- Special treatment upon guest's request

3. INSURANCE

Travel health insurance for those travelling from abroad is not included in the price. We recommend you arrange travel insurance that would cover illness or accident prior to departure.

4. HEALTH INSURANCE COMPANY CONTRIBUTIONS

The Czech Republic became a member of the European Union in May 2004. However, there are cases where a direct agreement exists between your country and the Czech Republic and you may be entitled to a contribution to spa treatment by your health insurance company.

RECOMMENDATION: Contact your health insurance company prior to your spa stay in order to obtain the necessary information.
